SIDE EVENT ON

Capacity Development in Areas Beyond National Jurisdiction (ABNJ): Experiences, Lessons, Possible Ways Forward

July 17, 2017, 1:15 PM to 2:45, Conference Room 2

This Side Event focuses on modalities, experiences, and lessons learned in existing efforts at capacity development in ABNJ, and explores possible ways of moving forward on this central issue in the BBNJ process. The Side Event reviews the discussions on capacity development to date in the BBNJ process and lays out options for issues needing further study and consideration. Major emphasis is placed on capacity development regarding area-based management in ABNJ, although related topics are referenced as well. Lessons are drawn, in particular, from the capacity building experiences in the GEF/FAO Common Oceans Program.
